

## *Giambattista Bodoni*

Geboren am 26. Februar 1740 in Saluzzo, gestorben am 30. November 1813 in Parma. Stempelschneider und Buchdrucker. Beginnt seine Ausbildung 1758 in der *Polyglottendruckerei* der Propaganda fide in Rom. 1767/1768 zur Leitung der *Stamperia reale* nach Parma berufen. Nachdem er zunächst Typen Pierre S. Fourniers verwendet, beginnt er eine private Schriftgießerei zu betreiben, der er 1791 auch eine Druckerei im herzoglichen Palast angliedert. Seine Antiquaschriften im klassizistischen Stil und seine auf Einfachheit gerichtete Buchgestaltung unter Verzicht auf Dekoration machten ihn berühmt.
