ALGONQUIN SERIES

The Algonquin and Algonquin Ornamented are effectively used when printed in different colors, one over the other, as shown on next page. As initials and in combination they can be admirably worked.

*. The Grady Series was designed and named for the late Henry W. Grady,
previous to his recent visit to Boston, Mass., and made its first appearance in Mr.
Grady's paper, "The Atlanta Constitution," the type for which has been supplied for
several years by the Dickinson Foundry, through its agent, Mr. Dodson
. The Grady Series now goes out to the Printing Fraternity as a modest
reminder of the worth and greatness of a noble man.*
